**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a subscriber to one of the competitors that you are being told does not exist, my internet is over fiber optic from Sonic, a local competitor to Comcast. Comcast has increased our rates for years with no improvements in service in fact they added a data cap and charged more. By switching to Sonic I get faster internet, work from home and pay less. With this competition I am finally seeing Comcast offer some lower rates to try to win back their customers and they even say theyll have better service. Competition is key to our capitalist system. Do not let this companies shut down their competitors its unamerican.
